PROTECTIVE SECURITY AND GOVERNMENT

PSG CONFERENCE 2026

Capability Passport

7–8 October 2026
Hyatt Hotel Canberra

Capture key insights, actions and connections across the six PSPF capability areas.

Use this passport throughout the conference to note one insight, one action, one person you met, and one resource to follow up for each capability area.

Insight · Action · Connection · Resource

Governance 01/06

- One insight
- One action for our organisation
- One person I met
- One resource to follow up

Risk 02/06

- One insight
- One action for our organisation
- One person I met
- One resource to follow up

Information 03/06

- One insight
- One action for our organisation
- One person I met
- One resource to follow up

Technology 04/06

- One insight
- One action for our organisation
- One person I met
- One resource to follow up

Personnel 05/06

- One insight
- One action for our organisation
- One person I met
- One resource to follow up

Physical 06/06

- One insight
- One action for our organisation
- One person I met
- One resource to follow up

The PSPF capability areas are interconnected.

Strong protective security depends on coordinated planning across governance, risk, information, technology, personnel and physical security.
